Enrolled participants, new hires and newly eligible participants waiving HealthFlex plan (Plan) coverage must declare why they are declining coverage (see Part 3 of this form). Part 3 – Reason for Declining HealthFlex Coverage

[Please add the appropriate reason (number) under Part 1 (page 1) of this form.]

Participant declines coverage due to the following reason:

- 1. Enrollment in coverage through former or current employer
- 2. Enrollment as a dependent in your spouse's employer-provided coverage
- 3. Enrollment in Champus/TRICARE
- 4. Enrollment in Medicaid or Medicare**
- **5a.** Coverage under HealthFlex through your local church (Salary-Paying Unit) through your Plan Sponsor (Annual Conference) is considered unaffordable² under the ACA.

Participant is not offered or provided HealthFlex coverage by the local church (salary-paying unit) through the Plan Sponsor.

5b. The participant has no offer of employer-provided coverage under HealthFlex.

Note to Plan Sponsors: Participants who are made ineligible for HealthFlex—through agreement between the Plan Sponsor and Salary-Paying Unit (e.g., local church), through a sub-adoption agreement or otherwise, i.e., by Salary-Paying Unit ceasing to participate in the Plan Sponsor's multiple employer plan provided through HealthFlex—are also excluded from the Preferred Risk Pool's mandatory charges, if the participants qualify for a Premium Tax Credit in the Affordable Care Act's Health Insurance Marketplace (exchange). In such cases, the Plan Sponsor can indicate the names of such participants and provide, upon request of Wespath, evidence of such termination by the Salary-Paying Unit. *Option 5b, above, should be selected in these cases.*

² Coverage is not "affordable" under the ACA if the cost to you as a participant for individual or "self-only" coverage (the personal contribution you make toward the premium) in 2023 exceeds 9.12% of your modified adjusted gross income (MAGI, your taxable household income). In cases where individual coverage through HealthFlex would cost you more than 9.12% of MAGI, you may decline that coverage.

^{**} Note: Waiver of group health plan coverage because of Medicare enrollment requires participant affirmation that he or she has not been encouraged or incentivized to waive the group health plan (if the group health plan would otherwise be primary to Medicare).
